

SUPPORTING ADVANCED TECHNOLOGICAL EDUCATION

ATE Central is designed to foster **collaboration** and **information sharing** within the Advanced Technological Education (ATE) community. Visitors to the ATE Central web site can access information about the full range of ATE resources available online, and find information on all of the **ATE projects** and **centers**. ATE Central acts as an **information hub** for the ATE community, in order to help ATE PIs, administrators, industry, and educators connect to one another and the ATE program.

ATE Central also serves as a central communication and support point, offering tools and reference materials to promote implementation of **successful practices**, support the **mentoring** of new projects and centers, foster collaboration and partnerships within ATE, and help demonstrate **broader impacts**.

ATE Central **Tools** and **Services**:

- **Archiving** service
- **Evaluator** directory
- **Events** calendar
- **Microsite** service
- **Social media** directory

ATE Central **Publications**:

- ATE Central **Connection**
- ATE **Activity** Report
- ATE **Outreach** Kit
- ATE **Fact** Sheet
- ATE PI Conference **app**
