

EVPP L1 Certification Update and Application to Fuel Cell Certification Program

Presented by:

Dr. Mark L. Quarto

Quarto Technical Services & Consultant for FutureTech Auto

June 25, 2021

Level 1 Certification Update

✓ **Pilot Class #1: Cerritos College (S. Cal)**

↳ **July 7 – 9, 2021**

- Focus of Pilot Course #1: Initial Course Instruction adjustments; Refine Hands-On & Written Test

✓ **Pilot Class #2: Ferris State University (W. Mich.)**

↳ **August 10 – 12, 2021**

- Focus of Pilot Course #2: Finalize Instruction Adjustments; Finalize refinement of Hands-On & Written Test

✓ **Focus of Pilot #3: SunLine Transit Agency (S. Cal)**

↳ **October 2021 (Date TBD)**

- Focus of Pilot Course #3: Instruct course as a final product; Hands-On & Written Test executed as a final product

Blending EVPP Levels 1, 2, & 3 into Fuel Cell Certification Program

✓ Fuel Cell Certification has HV Elements

- Fuel Cell powered vehicles utilize HV systems
- EVPP Level 1 Certification can be leveraged to satisfy both HEV/PHEV/BEV and Fuel Cell Certifications
- EVPP Level 1 Certification will be mature when Fuel Cell Certification is implemented
- Fuel Cell will also have elements of EVPP Levels 2 & 3 Certifications that will be leveraged & implemented
