

# Smart Manufacturing Summer Camp

**July 25-28, 2022**  
**1:00 p.m. – 5:00 p.m.**  
**Marion Tech, Bryson Hall**  
**Ages 12-18**

**Describe what you have gained from participating in this summer camp?**

*"More knowledge of robots."*

*"I gained lots of new ideas about the world and understand more about technology."*

*"I learned the beginning of coding and it was a really fun experience and 10/10 would recommend to others."*

*"A better idea of how programming and smart engineering works in our daily lives."*

**Day 1:** Raspberry Pi Sense Hat (sensors) programming project.

**Day 2:** CoDrone Pro – a programmable drone built for learning how to code and fly it too!

**Day 3:** Hands on activities in the engineering lab – robot programming, and CIM cells.

**Day 4:** Esports

Refreshments will be provided each day. MTC will be following CDC guidance during this event.
