## What Is Experience STEAM

A new STEAM Outreach framework created by NCAT. It places no-cost, hands-on, student-centric STEAM activities in highly public non-traditional spaces. The intent is to facilitate social and economic mobility through access to opportunities inspiring students to consider emerging technology and technician career fields.

## What We Do

NCAT supports the education of technicians for the autonomous technology industry. The Center works to expand educational resources, develop career pathways, and broadly engage stakeholders from education, industry, government.

## Building your workforce

Our students today are your employees tomorrow. Collaborating with industry partners to recognize employer needs is critical for our success. Together we can address the unique skills required to succeed in the autonomous technology industry.
