## **Experience Northland Aerospace Open House**

### **What's Happening**

This is a pre-registered student event. Students can come to the aerospace site to take part in several 50 minute hands-on technical/ trades courses that will give them a real feel for a technician education/career.

### **Activities Include:**

- Learn how to fly drones or drive a robot!
- Experience Virtual Reality & Simulators!
- Learn about composites, Soldering, & industrial design!
- Try out riveting or sheet metal!
- Learn about Electronics, Electricity, & what an AMT does everyday!

### **Where**

13892 Airport Drive  
Thief River Falls, MN  
(Next to TRF Airport)

### **When**

Thursday, November 30,  
2023  
9:00 AM - 2:00 PM

### **Who**

This is a FREE event and is open to students in 7th-12th grade

**We will be hosting another student registered & public open house event April 11, 2024. Find updates on this event & future events at [ncatech.org/experience-northland-aerospace-2023](https://ncatech.org/experience-northland-aerospace-2023)**
