

# EXPERIENCE NORTHLAND AEROSPACE

April 11, 2024 | 5PM - 8PM

## COMMUNITY OPEN HOUSE EVENT

Come experience our 86,000 square foot facility, featuring a state-of-the-art hangar, which houses over 20 aircraft--including a DC-9 that was owned and donated by the Detroit Pistons NBA team! This is not your typical open house event. This open house event is really about the Northland Aerospace Experience. Whether you are a community member who's never seen the Aerospace campus, a student who's interested in learning more about Northland's technical programs and interested in aviation, or a Northland Alumni looking to revisit the 'good old days', this event has something for everyone! Join us and Experience Northland Aerospace.

**\*\*This is a cost-free event for all ages and is open to the public.**

### ACTIVITIES:

- Hop inside the cockpit of an aircraft.
- Roll up your sleeves and rivet joints on an aircraft.
- Dive into the world of virtual reality
- Fly a drone through the Aerial Drone course.
- Design and fly a paper airplane.
- Learn about basic electricity with Spintronics
- Build drones/airplanes with Legos.
