ESC 212: Basic Nanotechnology Processes

Unit 7: Advanced Etch Systems

Lecture 1

Length: 26:46

This video will cover:

- Etch Systems
- Cluster Tools

Thank You For Watching!

What did you think? [Email](#) Bob Ehrmann with your feedback.

Funded, in part, by a grant from the National Science Foundation. DUE 1205105

The NACK Center, established at Penn State University College of Engineering, is committed to supporting development of two-year degree programs in micro and nanotechnology across the country by offering academic and educational resources.
