Principle of ELISA [Sandwich & Indirect]

<https://www.youtube.com/watch?v=lUWpWKVcmc4>

4:47. Sandwich ELISA (FL-Immuno/72). Very weird narrative voice (computer?). Good for college level, but likely too much high level vocabulary for high school students. Good that it is a direct sandwich (no secondary, only capture and detection antibodies). Definitely stop at 3:40 (direct versus indirect sandwich ELISA comparison) is used with high school students.
